## PUPPY PROGRAM

Welcome to our puppy program! We are dedicated to helping you and your pup get off to a positive start. This program is for pups from 8 weeks to eighteen weeks. Your \$100.00 fee includes phone consultations\* and one private introductory basic obedience class\*\* here at the kennel. The phone consultations will be a time for you to describe the situations you are encountering with your pet and Jim will help you to problem-solve and create effective strategies. He can advise you on a variety of issues such as crate-training and housebreaking, help you deal with behaviors like jumping up and nipping, and coach you as you gently introduce lead-breaking and some basic obedience commands.

During the introductory class, Jim will follow-up with you on any puppy issues you may be having and discuss further options for continuing your dog's training. If you decide to have Jim train your dog through his in-kennel training program, the \$100.00 puppy program fee will be applied directly to your training cost.

\*Jim encourages you to call any time you need advice on a particular puppy issue.

**\*\*All pups must be fully vaccinated before their private class. Owners must complete the [Medical History](#) have a current immunization record from your vet.**

Please call Jim to enroll in the puppy program. Then, fill out the form below, print a copy and mail it, along with a check for \$100.00, to the address listed above. Or, if you prefer, you may email the application to [doggydaddy1@roadrunner.com](mailto:doggydaddy1@roadrunner.com) and then mail your check. Once Jim receives the puppy program fee, he will contact you to set up your initial consultation.
